*"Building Self Esteem Through Academic Excellence"*

### **Administrator Report**

Prepared for September 13, 2016 APC Meeting

To: Academic Policy Committee

I have been extremely busy over the last week getting our Renewal Charter School Application ready for ABCS. The Alaska Department of Education and Early Development (EED) changed the sections in the packet since the last time ABCS renewed their Charter. Therefore, I have had to create new sections and get ideas from the packet that was turned in for the 2012 renewal. Our Renewal Application will be turned in to KPBSD September 16. It will be reviewed for the first time during the October 3 Board Meeting and then will go for first approval in November with final approval in December.

It seems that a lot of parents have misunderstood the dress code as it pertains to appropriate pants. There are numerous parents who have purchased khaki colored pants that have the back pockets sewn on the outside. Our dress code states that "No outside (patch) pockets" are allowed. I would like your input about this issue and a clear direction as to how you want me to address the issue. I currently plan on sending a Uniform Infraction card home with them to let them know about the issue.

The teaching staff has been doing weekly Collaborative Meetings to learn about Charlotte Danielson's Effective Teaching Framework. It is the framework that is used by the District in their evaluation system. Teachers will be able to earn one credit from the local college by completing the work we are doing together.

Finally, I met with Laurie Olson about our FY 17 Budget. She was extremely helpful and stated she would be willing to come to one of our APC meetings if we wanted her too.

Sincerely,

A handwritten signature in black ink, appearing to read "Cody McCanna", written in a cursive style.
