Parent comments

Marie Neihler & others brought up dress code concerns. Primary concern was perceived lack of consistency in enforcement (Especially but not limited to pants, socks, leggings). Secondary was ability to find clothes that met requirements but were still “stylish” and “Comfortable”.

Mr. Jackman asked Mr. McCanna if he would put together a Dress Code Committee made up of parents and teachers to review the current dress code and bring any suggestions or changes to the APC

Board comments

Mr Sturman said that Mr McCanna handled the charter presentation well

Mr Klein thanked Mr Sturman & Mr Strait for attending presentation of charter at KPBSD meeting

Mr Strait said a KPBSD board member mentioned being excited to have Mr McCanna on board

Mr Strait said that he had heard several comments regarding timing (Pre-Thanksgiving) and content (lack of "Christmas" music) for winter/Christmas concert. Suspected reason is pre-Thanksgiving timing due to auditorium availability.
